Pinnacle Phases

You should aim for different goals to be fulfilled at different periods in your life. Pinnacles are such peak and important periods in your life in which you should aim for important goals, understand and try to instill in yourself the characteristics needed to achieve the goals.

Our life is divided into 4 long-term periods and cycles. Different pinnacle numbers signify the pinnacle periods in your life. One can feel the transition from one Pinnacle period to the next. Your Pinnacles reveal the general conditions, events you will experience, the atmosphere, or the essential challenge you will be faced with in one particular period. You can thus prepare for the next pinnacle period of your life in advance.

First Pinnacle from age 0-35 years is 1

You should keep your focus on your dreams. You should have willpower and try to keep an eye on your goals. You should be flexible to handle difficulties and adversities in different ways. In this period you show rapid self-improvement and growth. You must be careful not to become too self-centered since this attitude will only harm you. You should be strong as well as flexible. Be open to different ideas and suggestions from different sources and then take your own decisions

after examining the pros and cons of all options. This will give you a strong sense of your individuality and strength.

Second Pinnacle from age 30-38 is 7

This period is appropriate for your inner development and some soul searching. You will be contemplating and thoughtful and deal with personal questions of your life with expertise. There will be growth of your spiritual side. You are expressive and your nature and its study would be beneficial to you in the sense that it would give you a mental and spiritual satisfaction. It is also a period when you need to specialize in a field since your power of concentration is enhanced at this time. Your ability to study in all forms - reading, self reflection, and contemplation - will reach an all-time high. You develop a high sense of intuition which makes your path a little easier and more direct, since you know what to do next.

You have the ability to concentrate on one field and become an expert in that field. You have the capability to do through study of a field of study. You need to concentrate and work on close relationships, especially with your spouse and children. In this period you desire to do things in perfection. You become depressed if you don't attain the desired results so you should keep your goals realistic.

Third Pinnacle from age 38-46 is 8

This signifies the period when you will want to achieve success, fame and wealth. This is the period when you can achieve all the fame and wealth that you have dreamt of. You are confident, competitive and prefer to be independent. You don't like to be lead and want to do things and handle situations according to your own terms. Most of your concerns involve money and learning of the power that comes with its proper manipulation. Material success, status, money and luxury make all the difference to you. Your ultimate goal is to lead a significant life in the society. You need to remain balanced. This is a period when you develop talents for dealing financial matters and business successfully. This is a time when you get rewards from your business and other financial projects. You have a sense of sound judgment and vision which becomes the main factor for financial success.

People respect and look to up to you. People show trust on you and would walk on the way shown by you. You have the ability to start large business ventures and enterprises. You can deal with varied problems and see them as a challenge. In this period you move towards the realization of your dreams with confidence and clarity. This is a period when one is highly ambitious and would like to achieve more and more in less time. This is a period of making the most of the time since a person is raring to be independent and show his / her mettle. One shows confidence and competitiveness in whatever one does. In this time, a person's primary concern is money and how to manipulate it for achieving success in life and significant status in society. This is a significant period to achieve success but one needs to be grounded and show a balanced approach to make the most of this period.

Your Challenge Number is: 0 3 3 3

Life is not a bed of roses. It's full of hurdles to get over and mountains to climb. The impediments of life are called challenges. The Challenge must be overcome to grow and develop properly. We learn by facing challenges and deal with it effectively. The Life Path indicates the nature of the challenge.

There are generally three challenges included in your life path. Two are sub-challenges and one is the main challenge. A number represents a challenge and reflects the tone of the confrontation.

The first sub challenge indicates problems in the first part of your life, and the second sub challenge indicates problems during the second half of the life. The Final Challenge indicates a potential weakness and problem throughout the entire life.

First Challenge Number is 0

There are two possibilities in this period. Either the hurdles during this period may not be many, or they may be coming from all directions. This is also called the challenge of choice. You may be confused about your priorities. You can analyze a situation realistically considering all possible solutions. You may find it difficult to take a strong decision and take actions according to the decisions. To overcome this challenge you should learn to have the faith in your own abilities. You should be confident about the decisions you take. You should act carefully. You should analyze, make a choice then act with ease and comfort. People in whom this challenge is found are generally highly evolved and can make their own decisions about and know where the difficulties of life are going to come from. To deal with this challenge you should have the characteristics of all the numbers i.e. the independence of 1, the diplomacy of 2, the optimism of 3, the application of 4, the understanding of 5, the adjustment of 6, the wisdom of the 7,

the constructive power of 8, the universal service of 9. In other words, to deal with the challenge of 0 you need to be a very resourceful and talented person.

Your Karmic Debt Number is: 14

The number indicates the mistakes we have made in our previous lifetimes, the results of those mistakes are generally faced in the next lifetime by a person. We also learn the methods to handle and rectify them. We also get many opportunities in our life. This number also signifies the misuse of opportunities in your previous lifetimes. You can rectify the error in this lifetime by taking an additional burden known as Karmic Debt. In more elaborate terms we know that the spiritual being or the soul incarnates on the earth many times in order to further evolve toward higher states of awareness. During this long evolutionary path of many incarnations, we generally gather lot of wisdom, and have gone through many experiences and learnt from those experiences. We have also made mistakes, and have sometimes abused the natural talents and gifts we have been given. To correct such misdeeds and errors, we may take on an additional burden to our next birth in order to learn a particular lesson that we failed to learn in previous lifetimes. In numerological terms this burden is called a Karmic Debt.

You don't like to follow conventions and want to try different and innovative ways of dealing with a situation. You have a carefree nature. You cherish your independence. You are flexible and you can adapt to different situations in life. Sometimes you misuse your freedom and abuse your power. The debt is due to the misuse of power made in your earlier lives. You are sensitive and emotionally vulnerable due to the consequences of this Karmic Debt. The consequences of your previous deeds might hurt your feelings and you will indulge in alcohol and drugs to seek solace. You need to remain balanced and down to earth, modest and respect the feelings of other people as well to avoid the consequences of this number and be successful in your goals and desires.

You need to be optimistic and goal oriented. This way you will come up with flying colors. As mentioned earlier this debt is due to abuse of freedom and indulgence in the wrong things in your previous lifetimes. The debt might hurt your sensitive feelings and you might be in great pain. Avoid indulgence in

alcohols, drugs to avoid pain. Try to accept changes. Many times you may be forced to change in certain hard circumstances and then it will be tougher than expected to accomplish your tasks.

Your Balance Number is: 7

Different people react differently to the challenges they face in life. Some people have the habit of withdrawing from difficult situations to think about the problems thoroughly; others withdraw from their emotions, to escape from feeling anything. Some people explode with emotions, but allow the explosion to pass quickly. Others linger with their feelings, thinking about them internally. You need to show more maturity and self-development to learn new and more effective methods of handling the world and the problems we confront. In this context, your Balance Number guides you on how best to deal with difficult or threatening situations. This number tells you about the difficult times you would face in your life. You also know about the best way to use your abilities to face the various challenges in life and how to handle the difficult times.

People with this number as their Balance Number, are generally very emotional and thus deal with each and every situation in life emotionally. You need to learn that life is not a bed of roses and there are good and bad times coming at intervals. Try to have a cool head and examine the situation in an analytical way so that it becomes easier for you to solve the problem. You should learn to fight your own battles. You should know the way to use your analytical and keen mind to solve your problems. You should avoid getting emotional for small issues since this will not solve the problem. Instead of running away, learn to confront problems and find a solution. You need to have more control on your emotions and think logically.

When faced with a difficult situation, you retreat into your shell to escape from it. You need to realize that the clarity and analytical abilities of your mind are sufficient to provide you with the insight to solve any problem, and get a clear path to its solution. You will have to put an effort in confronting and finding solutions for the issues you face unemotionally and calmly. You have the general tendency to be engulfed in the emotional aspects of the issue, which dominates your mind and prevents you from using your clarity to find an answer. You should try to avoid emotions in finding out an answer. You should learn to find the solution for the well being of all.
